

Table of Content

List of Tables.....	VII
List of Abbreviations.....	IX
List of Figures	XI
Chapter I: Introduction.....	1
I.1. Personal Data in the European Information Economy	1
I.2. Main Research Question and Subordinated Objectives	8
I.3. Structure of the Thesis.....	11
Chapter II: Theoretical Framework and Related Work.....	13
II.1. Evolution of the Data Space Concept	13
II.2. Theoretical Grounding	16
II.3. 4-Dimensional Field of Tension as Related Work.....	19
II.4. Methodological Foundations.....	34
Chapter III: Research Methodology.....	39
III.1. Procedural Model as Organizational Research Framework	39
III.2. Analysis Phase	43
III.3. Design and Evaluation Phases	54
Chapter IV: Results of the Analysis Phase	61
IV.1 Design Elements of Personal Data Markets	61
IV.2: Requirements and Supportive Design Principles of PDMS.....	70
Chapter V: Artifact Design – Reference System Architecture for PDMS.....	89
V.1. Archetypical Classification and Model Assumptions.....	89
V.2. Partial Model I: Functional View	94
V.3. Partial Model II: Role Model.....	143
V.4. Partial Model III: Distribution View	149
V.5. Partial Model IV: Process View	155
Chapter VI: Artifact Demonstration – PDMS Prototype	173
VI.1. Prototypical Backend Instantiation.....	173
VI.2. Prototypical Frontend Instantiation	176
Chapter VII: Artifact Evaluation – Multidimensional Evaluation Strategy.....	187
VII.1. Artifact Evaluation in Design Science Research	187
VII.2. Informed Argumentation by Researchers	189
VII.3. Static Architecture Analyses by Experts.....	203
VII.4. Field Study with Human Users	208
VII.5. Scenarios for Real-World Applications	214
Chapter VIII: Continuative Discussion and Reflective Design Principles	229

VIII.1. Implementing the RSA using GXFS and EDC Concepts.....	229
VIII.2. Designing the Hybrid Consent Model	237
VIII.3. Reflective Design Principles and Meta-Model.....	243
Chapter IX: Research Synopsis.....	249
IX.1. Conclusion of the Analysis Phase	249
IX.2. Conclusion of the Design and Evaluation Phases	252
IX.3. Output Summary and Societal Implications.....	260
References	265
Appendix.....	279
